DOB: 29/09/1938

ADDRESS: 16 Walter Street
WILLIAMSTOWN NORTH VIC
3016

cc: Dr P Zammit; Dr P Zammit

Patient ID: 406626

Referred by: DR PETER ZAMMIT

Service Date: Wednesday, 28 February 2024

CT HEAD (Non-Contrast)

Clinical History:
Cognitive impairment

Findings

No intra- or extra-axial collection; acute infarct or haemorrhage; or mass lesion.
No evidence of cerebral venous thrombosis.
CSF spaces are within normal limits for age generally but with moderate hydrocephalous lateral and third ventricles. Fourth ventricle unremarkable . With no significant white matter changes. There is no hydrocephalus. Mastoid air cells; tympanic cavities; and visualised paranasal sinuses are clear.
There is no fracture.

Comment

No advanced atrophy. No acute focal lesion
Dilatation lateral and third ventricles.

MRI?
